Course Description

SESSION 1

The History and Advancement of Therapeutic Massage

Historical Overview of Massage

Massage is one of the earliest remedial practices for the relief of pain and discomfort. Massage is a natural and instinctive remedy for some illnesses and injuries. From ancient to modern times, massage has been an aid for physiological and psychological well-being. Presented with the basic differences in massage systems and why it is important for legitimate practitioners to know the history of massage.

Requirements for the Practice

The facilitator presents the educational and legal aspects of massage practice; how State Legislature defines the scope of practice in Therapeutic Massage; why it is important for the massage practitioners to be aware of the laws, rules, regulations, restrictions, and obligations governing the practice of Therapeutic Massage. Know the importance of obtaining a license to practice Therapeutic Massage. The learner will be able to tell the difference between certifications and licensure. The course contains reasons why a massage practitioner's license will be revoked, canceled, or withdrawn.

Professional Ethics for the Massage Practitioners

The learner continues in their studies to understand the meaning of professional ethics. The facilitator explains how the practice of good ethics helps build a successful Massage practice; the importance of good health habits, professional projection, human relations, an attitude of success, and how they affect a prosperous business.

SESSION 2

Human Anatomy, Physiology, Pathology and Kinesiology

Anatomy, Physiology and Pathology

Learn the meaning of the important terms of anatomy, physiology and Pathology. The anatomical, physiological and pathological composition of the human body. The physiological psychological impact of stress and pain on the body and what is the role of massage therapy in management of those factors. The learner will be able to identify the healing functions of the body, inflammation and tissue repair. The learner will understand the Wellness Model and the effects of massage within the model. The facilitator will explain the medical terms, so the learner can understand them and use them with knowledge of their meaning by breaking them into segments for ease of understanding. As a requisite, the learner will master the theory and practice of therapeutic body massage by understanding and learning the anatomical planes, regions, and parts of the anatomical body.

The Integumentary System

The skin is the largest organ in the body, serves as an interface with the environment, and provides protection for the body. The course explains why it is important for the massage practitioner to observe a client's skin condition. Obtain full knowledge about the principle functions of the skin.

The Skeletal System

The skeletal system is the bony framework of the body. It is composed of bones, cartilage, and ligaments. It has five main functions: to offer a framework that supports the body structures, protect delicate internal organs and tissues, provide attachments for muscles, manufacture blood cells, and store minerals.

The Muscular System

The learner understands the structure and function of the many muscles and their type. The learner will understand the importance of the muscles and effects of massage therapy on the skeletal and muscle

performance. The learner will be presented the technical and medical terms when studying the muscular system.

The Circulatory System

The vascular or circulatory system controls the circulation of the blood and lymph throughout the body by means of the heart, blood, and lymph vessels. Presenting the learner with the different divisions of the vascular system, the student will understand important arteries and veins of the body and the value of therapeutic massage on the system.

The Nervous System

Student Attendance Policy

The School uses the following definitions when evaluating student attendance:

Absence: The student does not attend the assigned class session.

Tardiness: A student enters the class more than 15 minutes after the designated start time.

Early departure:

A student leaves the class 15 minutes or more prior to the class being dismissed.

Absences, tardiness and early departures will be recorded on the roster by the instructor with times noted as appropriate.

Arriving late and leaving early affects the determination of a student's 95% attendance requirement.

- a. Regular attendance and punctuality is a key to success in the massage program.
- b. Students must be present in their classroom at all times.
- c. Students that miss more than 30 hours or 5% of hours of training will not receive a satisfactory grade to meet school requirements and will receive a failing grade.
- d. Tardiness and leaving early is not acceptable and will not be tolerated.
- e. In the event of an emergency, the student will and must inform the instructor and make arrangements to make-up the class.
- f. Students that are repeatedly tardy will or leave early will receive an academic counseling.
- g. Students are responsible for all the academic requirements of the course and must comply with the schools' program.

- h. Students missing more than 3 consecutive weeks without notification to the school will result in automatic dismissal from the program.

Reporting an Absence

Students are expected to EMAIL Student Services ONLY if they will not be in attendance.

Reporting an absence, however, will not excuse that absence.

Tardiness and Early Departures

Students to be in class on time on their regular scheduled classes. Being late for or leaving early from class is disruptive to both teachers and students and diminishes the learning experience and the development of professional behaviors.

Accordingly, being tardy and leaving early are documented on the attendance sheets.

They are calculated into the attendance percentage based on the following credit scheme:

1. Late or leave early (up to 15 minutes):
receive credit for 75% of clock hours
2. Extra late (15 minutes or more up to 50 minutes): receive credit for 50% of clock hours
3. Leave early (after 50 minutes):
Receive credit for 50% of clock hours
4. Leave early (before 50 minutes):
Receive no clock hour credit

Leave of Absence

A written request for a leave of absence must be submitted to the School Director at least one week prior to the leave. The School Director will notify student if the leave of absence was granted. The maximum time allowed for a leave of absence is 36 weeks and will be given in exigent circumstances. Make-up classes WILL be necessary to complete the missed program, and these will be SUBJECT TO AVAILABILITY AND NO EXCEPTIONS WILL BE RENDERED TO ANY STUDENT.

Such a leave must comply with the following requirements:

A certification will be awarded to the student upon successful completion of the above requirements.

Transfer from other Schools

1. Any course work completed at another school may qualify for transfer of credits depending on individual assessments.
2. The student must submit original copies of their transcripts to be eligible to receive the credit.
3. Only courses with similar programs will be credited towards the students' education.
4. No more than 100 credit hours can be awarded from the other school.
5. The school will evaluate the student's previous education to determine if any subjects may be transferred in and thereby reduce the amount of training required for the student to reach the educational objective.
6. Transfer credits will appear as a "TC" on the student's transcript. "TC" credits are included in the maximum time frame and the satisfactory progress calculations but are not counted in the Grades calculation.
7. Credits achieved through transfer do not count toward determining full- or part-time academic status.

NOTICE TO STUDENT:

The school does not guarantee the transferability of credits to another school, college, or university. Credits or coursework are not likely to transfer; any decision on the comparability, appropriateness and applicability of credit and whether credit should be accepted is the decision of the receiving institution. The student is encouraged to consult with the institution to which he/she may seek to transfer.

Licensing Requirements

In accordance with the Massage Licensing Act of Illinois (Public Act 92-0860), Section 15, effective June 1st, 2003, persons engaged in massage for compensation must be licensed by the Department of Professional Regulations.

The Department shall issue licenses to individuals who have successfully completed a minimum of 600 clock hours of supervised classroom and supervised hands-on instruction and passed a massage therapist certifying examination approved by the Department; e.g., MBLEX.

In accordance with 225 ILCS 57 §45, the Illinois Department of Professional Regulation may refuse to award a license to practice if the applicant is found to be:

1. convicted of a felony or a misdemeanor, or any criminal behavior directly related to the practice of massage.
2. engaging in immoral conduct, such as sexual abuse, sexual misconduct, or sexual exploitation; • engaging in dishonorable, unethical, or unprofessional conduct of a character likely to deceive, defraud, or harm the public;
3. having a habitual or excessive use of or addiction to alcohol, narcotics, or like substances that interferes with the performance of professional responsibilities;
4. making any misrepresentation for the purpose of obtaining a license, including a material misstatement in furnishing information to the Department;
5. having a physical illness, including but not limited to deterioration through the aging process or loss of motor skills, that results in the inability to practice the profession with reasonable judgment, skill, or safety; or
6. failing to file a tax return or pay the taxes or interest due, as required by the Illinois Department of Revenue.

Other states differ from Illinois' Professional Licensure Requirements.

Illinois Licensed Massage Therapists can apply for reciprocal state certification in Wisconsin while Indiana has no state requirements at this time.

Contact information for all states with professional massage therapy licensure laws follows; contact the appropriate state regulatory agency to determine the licensing requirements for the state.
